

NORDiMET®

methotrexate

(methotrexate,
pre-filled,
auto-injector pen)

Information for healthcare professionals

Your patient has been prescribed Nordimet® (methotrexate, pre-filled, auto-injector pen) and has been trained to self-administer their medicine using this auto-injector pen. It is important therefore that they receive Nordimet® rather than other presentations of methotrexate.

For more information please visit www.nordimet.co.uk/patient or refer to the Nordimet® Summary of Product Characteristics at www.medicines.org.uk/emc
